

LunaLeg classic

Guide

Loop in strap

1) Pull strap through a deflection loop with the fleece side facing upwards

2) Fasten the end of the strap on the fleece.

Attach LunaLeg on the leg

1) Place the LunaLeg on your thigh.

2) Pull the strap through the loop.

3) Fasten the end of the strap on the fleece.

Clamp Smartphone

The clamp can be pulled out to one side (to the right). Extend clamp **straight** to the side to a maximum of 8.5cm.

Caution: Do not use force to bend them apart!

TIP: First attach the LunaLeg on the leg, then clamp the smartphone.

1) Insert the smartphone into the clamp on the retractable side and pull it out with the smartphone.

2) Put the smartphone into the clamp on the other side as well. Done!
